BENEFITS: Participation in team sports such as **FOOTBALL** enhances many individual qualities: discipline, pride, dedication, motivation, leadership, organization and self-confidence. Physical activity and social interaction provides the opportunity for empathy and compassion.

The seeds of community, good sportsmanship, and loyalty that begin in this setting are invaluable. Friendships developed as a result of being part of a team, often last for life.

TRADITION: Cliffside Park has a rich tradition in Football that our staff of dedicated coaches would like to expand. The program is designed to be a feeder program for the next level of play. Each child will be assisted in developing skills that allow each participant to maximize potential.

***We look forward to a great season and welcome your child and you to be a part of it!**

****All coaches have been through a strict screening process and have completed the Coaching Safety Course.**
